

The NASPO ValuePoint RFP for Breast Pumps, Related Accessories and Services was released by the State of Washington on October 21, 2016. The RFP is scheduled to close on Monday, November 28, 2016 at 5:00 p.m. Pacific Time. The Solicitation Number is 09515.

It is now appropriate to place any required legal notices in your state and to distribute the URL and solicitation information below to prospective suppliers that you may be aware of who would be interested in responding to the RFP. I encourage you to post this solicitation to reserve your state's ability to participate at some point in the future, even if you don't immediately have plans to participate.

The Solicitation is now available to download online at: <https://fortress.wa.gov/ga/apps/ContractSearch/PlannedProcurement.aspx>.

Click on the Good and Services link under Current and Future Bid Opportunities then search for the solicitation titled **Breast Pumps, Related Accessories and Services**.

All Addendum's will also be posted and available to download at the same location. If assistance is needed to download, please call the Washington Helpline at 360-902-7400.

*The purpose of this Request for Proposals is to establish Master Agreements with qualified offerors to provide **Breast Pumps, Related Accessories and Services** for all Participating States. The objective of this RFP is to obtain best value, and in some cases achieve more favorable pricing, than what is obtainable by an individual state or local government agency because of the collective volume of potential purchases by numerous state and local government entities. The goal of this solicitation is to reduce costs for government mailroom programs.*

The RFP posting information is also available on the **NASPO ValuePoint Vendor Information** page at [http://naspovaluepoint.org/#/Info-for-Vendors`](http://naspovaluepoint.org/#/Info-for-Vendors)

We express our appreciation to Tim Shay and the State of Washington for leading this project and the sourcing team members from Arizona, Oregon, and Louisiana for their contributions in the development of the RFP.
